Miss Nona Hiarland dismissed her Catoosa school last Friday on account of hot weather and sickness in the school. She passed through on the Frisco train Tuesday evening on her way to her home on Cowdin prairie. The CHIEFTAIN cordially thanks its friends for the intelligent replies to its crop enquiries sent out recently and printed last week. By the way, the replies are still coming in but do not materially differ from those heretofore given. Fred L. Kelley shipped from Vinita on the 13th inst. the first car of new wheat for 1896 from the Indian Territory, to the Brinson-Judd Grain Co., St. Louis. He shipped over the M. & K. T. car, No. 10135. The wheat graded No. 2. Henry B. Payne died about two weeks ago at the home of the family on Grand river, of consumption. He was an inoffensive, pleasant man and a great many friends throughout the nation will join the family in regretting his death. Colorado was no place for Andy Green and Ernest Hall and they got home last week, the former cut down very badly in flesh and the latter sick. Luther Hopkins is getting stouter and will remain and "Speck" Chandler is holding his own and has gone to haying, at Lamar.

**THE DEATH OF KINCH WEST** A few days ago at Catoosa, which was followed shortly by the killing of Bill West, his son, at Illinois Station last week by a deputy marshal, with the death in the Ft. Scott jail a few months previous of Kinch Jr., another son, indicates the ultimate passing, in this western country, of an element that can well be spared. During the '70s Kinch West was an outlaw and indeed had been since the days of the war, when he was a terror to this western country. It has been stated that he was one of Quantrill's men but a gentleman in this city who has known him all along says that he at times might have been with the noted guerrilla chief, but generally "ran in a bunch to himself." West the elder had a record for daring adventure and lawlessness little less notorious than that of the Jameses and the Youngs, with whom it is said he was on the best of terms. He at one time carried a gun with a great number of notches cut in the stock—a notch for every man that he had killed—and he justified most of his killings by the fact that his mother and sister were murdered toward the close of the war by some of his enemies. He served a four years' sentence in the Detroit prison, having been sentenced there by Judge Parker for complicity in the Jim Barker killing. The passing away of Kinch West, and the time and manner of the taking off of the two sons, indicates in a most striking manner the transition that is going on in what has been known as the "wild and woolly west." It is only a few years since there was a kind of halo around the wild and reckless life of the western outlaw, and men like Kinch West and his sons gloried in it to some extent at least. The glory of the train robbers has been rudely dispelled, as they have been shot down on the prairies or hung at Fort Smith, or are serving life sentences in some penitentiary. The long dark night of murder and brigandage in the west is past. The gray dawn of a new day of law, order, and government is in sight. This Indian country is no longer the frontier of civilization, but in the midst of it. In a few years the most of the stories of the Daltons, the Starks, the Cooks, and of Cherokee Bills, will read like the romances of the Arabian Nights.

**THE TRIAL OF J. N. Walker** At this place and Joe Hayes and Richard Brim on a charge of assault, terminated at Ft. Smith last week with an acquittal. This case grew out of the shooting of Jim Chandler at Muskogee, the men being deputy marshals and on the hunt of a horse thief and firing in the dark. The man who is known fired some of the shots, Dave Parry, is now in jail at Dallas, having killed an officer who attempted his arrest. A civil suit is on the docket against Marshal Rutherford, whose deputies these men were, for something like \$10,280, for personal damages and expense.

**TWO MEN** were arrested at Fairland last week and hurried out of this country Saturday, for Seneca, Kansas. They had stolen two mule teams, one of which was recovered and the other located, and are also charged with murder. Having no papers for their arrest, outside of Kansas, the officer hurried them off on the Frisco, fearing if left here until the night train they might escape by habeas corpus proceedings. The team brought in was left at Couch & Raines' stable.

**JOE MARTIN** is dead. He died on Grand river last week, after an illness of several months' duration. Tube was too well known in this country for his death to pass unnoticed. He was in some respects the most noted colored man that ever lived in Vinita. He was both a philosopher and a politician. But now he is very dead.

Kansas City, Pittsburg & Gulf excursions: From Poteau and intermediate points to Kansas City, June 29, tickets good until July 2; round trip rate from Poteau, \$1.00. Siloam Springs excursion, June 24, round trip rate from Neosho will be \$1.00. Agent Wisdom made an Old Settler payment at this place last week and is now at Sallisaw. At Claremore he paid about \$100,000, or one-fifth of the entire payment. Mrs. V. Gray, of Cheateau, received one of the largest checks at Vinita—over \$1000.

Monday Harry Kelley was informed that his horse was in possession of Bill West when he was killed last week near Webber's Falls, and he could come and get it. The horse was stolen some weeks ago and it is now concluded that West passed through this section in his flight after escaping from the Topeka jail.

The petition of Nowata for incorporation under the laws of the state of Arkansas has been granted. In 60 days an election will be held. Fairland has two city governments. It is time Vinita widened out and exchanged the "kangaroo" for the genuine government, having authority to enforce its ordinances and mandates upon all parties.

Landlord Burns is having the Cobb hotel thoroughly overhauled. The rooms are being handsomely papered, the wood work is receiving a hard-oil finish, new carpeting will take the place of the old, new window shades have been ordered—in fact all needed improvements are being made to make Burns' Cobb House one of the best in the Indian Territory.

**Appointments** Of Dr. L. O. Ellis, dentist: Will be at Chelsea, from June 22 to July 4. Adair, from July 4 to July 12. Pryor Creek, from July 12 to Aug. 1. Chouteau, from Aug. 8 to Aug. 9.

**Town Lot Sale.** Notice is hereby given that town lot sales will be held at the following places: Chelsea, June 22, 1896. Oologah, June 24th, 1896. Talala, June 25th, 1896. Nowata, June 26th, 1896. Lenapah, June 27th, 1896.

"Wake up, Jacob, day is breaking!" so said DeWitt's little early risers to the man who had taken them to arouse his sluggish liver. P. Shanahan. The eighth annual ball given by the young men of Tahlequah occurs Friday, June 26.

Pass the good word along the line. Piles can be quickly cured without an operation by simply applying DeWitt's witch hazel salve. P. Shanahan.

The clay pigeon shooters are out two or three times a week but are not making any startling records.

Small in size, but great in results. DeWitt's little early risers act gently but thoroughly, curing indigestion, dyspepsia and constipation. Small pill, safe pill, best pill. P. Shanahan.

Mr. Patton received last week the handsomest surfer in town. It was made to order at a bicycle factory and is in every particular a beauty.

Persons who have a coughing spell every night, on account of tickling sensation in the throat, may overcome it at once by a dose of one minute cough cure. P. Shanahan.

Mr. Haisell's new windmill carries water all over his house and when connection was made last week with the old piping it leaked in almost every part.

Free—"good advice." Are you afflicted with headache, dizziness, faintness at the stomach, pains in the back, female weakness? If so, we want you to try Dr. Simmons' sarsaparilla; we know it will benefit you and 50 cents for 50 doses.

Vinita barber shop, only white shop in Vinita. Everything first class, clean and neat. Give us a share of your patronage. W. E. McPherson.

One bottle will convince the most skeptical of the merits of Dr. Simmons' sarsaparilla, concentrated and scientifically combined, pleasant and effective. 50 doses for 50 cents.

Your horse limps a little—feet ain't just right, eh? Get D. Hicks to shoe him. Let him fix your plow. 311T

The drugs in Dr. Simmons' sarsaparilla is so concentrated that the dose is very small, but nevertheless, it is so scientifically combined that it is readily retained and assimilated by the most delicate and sensitive stomach. 50 cents and 50 doses.

A good sack of flour is what everybody wants. Go to Chandler's and get it. They carry the "Jack Rabbit" and the "Spartan." Every sack guaranteed.

When we consider that the intestines are about five times as long as the body, we can realize the intense suffering experienced when they become inflamed. DeWitt's colic and cholera cure subdues inflammation at once and completely removes the difficulty. P. Shanahan.

The 16 to 1 display in Ratcliff's clothing window was too great a temptation and Thursday night some miscreant broke the plate glass, costing \$75, and stole eleven silver dollars.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending one minute cough cure as a preventive of pneumonia, consumption and other serious lung troubles that follow neglected colds. P. Shanahan.

An endeavor has been made by the attorneys to "hang up" the Shawnee payment again, but without success it is believed. Latest messages from Washington are quite assuring.

It would be hard to convince a man suffering from bilious colic that his agony is due to a microbe with an unpardonable name. But one dose of DeWitt's colic and cholera cure will convince him of its power to afford instant relief, kills pain. P. Shanahan.

July 1 is the time named in the tax notice when the penalty attaches. If you are going to pay you had better do so very soon.

Ell Hill, Lumber City, Pa., writes: "I have been suffering from piles for twenty-five years and thought my case incurable. DeWitt's witch hazel salve was recommended to me as a cure, so I bought a box and it performed a permanent cure." This is only one of the thousands of similar cases. Eczema, sores and skin diseases yield quickly when it is used. P. Shanahan.

The Vinita Real Estate agency has several desirable lots in this city for sale cheap.

While they last, parties subscribing for this paper or renewing their subscriptions will be given one of our souvenir badges. If to be sent by mail, remit 5 cents extra.

**Beggs' Hair Renewer.** No preparation ever put on the market has given such universal satisfaction. It is not only a hair renewer and invigorator, but cleanses the scalp of all dandruff, leaving the hair soft, glossy and luxuriant. Sold by P. Shanahan.

Why remain sick? If troubled with scrofula, scrofulous humors, boils, hives, the face, catarrh, etc., we ask that you give Dr. Simmons' sarsaparilla a trial. 50 cents and 50 doses.

**Caution.** All instantaneous cough cures contain opiates and are liable to dry up the phlegm and mucus in the bronchial tubes and lungs, thereby causing congestion. We guarantee Beggs' cherry cough syrup against this danger. P. Shanahan.

The congregation at the Presbyterian church last Sunday night missed a treat by not being in early enough to hear a very excellently rendered duet. Eight o'clock comes very early these evenings.

**The Perfect Ointment.** The virtue of Beggs' German Salve is its quick healing power. Else it would not have earned its world wide reputation. Your popular druggist, P. Shanahan, has it.

Awarded Highest Honors—World's Fair.

**CREAM BAKING POWDER**

MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant. 40 YEARS THE STANDARD.

A curious fact connected with the present harvest is that wheat and oats are being cut at the same time, and the earliest wheat harvested is now being threshed and marketed, while some fields are still standing. Farmers say this is unprecedented.

An Austrian was arrested here Friday for breaking into Dodson's store at Claremore a day or two before. He gave the negro guarding him the dodge during the afternoon but the latter run him down and captured him again in a fair race.

It is Wonderful how quickly diarrhea or dysentery can be relieved by using Beggs' diarrhea balsam. A purely vegetable compound. It affords instant relief and a permanent cure in a perfectly safe way. Your popular druggist, P. Shanahan, has the agency for this wonderful medicine.

## The Dawes Commission.

A Washington dispatch of the 13th says: The Dawes Indian commission, whose object is the reorganization of the government of the five civilized tribes, reassembled in Washington to-day. A brief conference was held with Secretary Hoke Smith. H. M. Jacaway of Dardanelle, Ark., was selected for secretary of the commission, which will begin its work in the Cherokee territory within a week or ten days, and will spend the entire summer or more in the field. The commission will hold another meeting Monday, when detailed plans will be completed. To day's conference with Secretary Smith is the last the committee will have with him before taking up the work.

**FIRESIDE FRAGMENTS.**—Frosted Glass.—A solution of sulphate of magnesia, mixed with gum arabic, and put on the glass with a brush; or a mixture of Epsom salt and beer—two ounces of the former to a half teacupful of the latter. Apply with a bit of muslin.

—Cocoanut Drops.—Grate a cocoanut and weigh it, then add half the weight of powdered sugar and the white of one egg beaten to a stiff froth. Stir the ingredients together, then drop the mixture with a dessert spoon upon buttered white paper or tin sheets and sift sugar over them. Bake in a slow oven 15 minutes.—Western Rural.

—Stuffed Onions.—Peel medium-sized onions and punch out the hearts. Mix a little beef or mutton, parsley and bread crumbs. Stuff the onions with this, and lay in a baking dish with a little gravy. Bake until the onions are tender, and serve very hot. Baste the onions frequently to prevent burning.—Prairie Farmer.

—Meat Loaf.—A nice meat loaf is made by mixing all sorts of meat, beef, mutton, veal and chicken combined, and a bit of suet; chop all together, season with pepper, salt, sage, parsley—and onion, if liked; add rolled crackers or bread crumbs and a well-beaten egg. Mix into a loaf, pour water enough into the pan to keep it from burning; bake slowly and baste frequently. This mixture can be made into balls and fried for breakfast.—Farm, Field and Fireside.

—Snow Cake.—A small cup of granulated sugar, some of uncolored butter, nine whites of eggs, a cupful of flour, some of cornstarch, the juice of half a lemon or a small teaspoonful of cream tartar, a half cupful of milk, flavoring extra, to taste. Warm the butter and sugar to soften it, whip to a cream with the sugar, add the whites of eggs, a little at a time, without previous beating, then the starch and flour. When these are well mixed add the milk and lemon juice of cream of tartar and the flavoring. Grease and flour a mold and bake the cake about half an hour. It is best when not too deep in the mold.—Chicago Record.

**Arctic Rhinoceros.** A gigantic specimen of the arctic rhinoceros has lately been discovered frozen up in an iceberg which stranded to the Lena delta. The specimen was seven feet taller than the largest variety of the rhinoceros of India, and was armed with two nose horns, the shortest of which was three feet two inches in length. The animal's shoulders belonged to the same fossiliferous species of the rhinoceros, and his enormous size gives some idea of the enormous and terrible beasts which inhabited this planet in the "days when the earth was young."

The creature's body was entirely covered with very long, thick hair, which proves that the arctic rhinoceros was his natural habitat.—St. Louis Republic.

## FELLOW CITIZENS:...

Let us reason together; what helps us helps you. Seventeen years successful business experience tells us that a merchant's business methods must be strong else he will ultimately go the way of the 95 per cent who fail in business. There is one strong point that has always been uppermost in our minds, in conducting our business, that is, CONCENTRATION; particularly in buying. With our large business, ten reliable concerns furnish us with almost our entire line of Dry Goods, Clothing, Boots, Shoes and Groceries; and when you stop to consider the magnitude of our business, this fact is a remarkable one. We have found by concentrating our purchases with a few reliable manufacturers and jobbers and in large amounts we get better service and better merchandise than if we bought from everybody. It is an acknowledged fact, that our goods "Open Up" on the counters cleaner than anybody's. We believe concentration is largely responsible for this condition. If we bought from every man who came along, who offered us an inducement of from 2 1/2 to 5 cents per pair or garment, it would ruin us; it will ruin anybody. If you like our goods, and our business methods appeal to you, why not place all your business in our hands. We are sure you will make a bigger success than if you buy from everybody. Try it. We are no experimenter, There is no risk. Your finances at the end of the year will prove to you that we are sound on this. Our interests are mutual, what has helped us will help you. Yours truly,
